EDUCATION

University of South Carolina Molinaroli College of Engineering and Computing

May 2027

B.S. in Computer Information Systems, Minor in Business Information Management

- **Concentrations:** Artificial Intelligence, Cybersecurity
- **Honors & Awards:** EY USC Case Competition 2026 - 1st Place, GCC University Case Competition 2025 - 2nd Place, Capstone Scholar, Magellan Journey, President's List, Dean's List, Dean's Scholar, CFA Remarkable Futures

TECHNICAL SKILLS

Languages (ordered by proficiency): Java, Python (NumPy, Pandas, Matplotlib), C++, JavaScript, Swift, TypeScript

Tools and Frameworks: Jupyter, Node.js, React.js, Scikit-learn, PyTorch, Git

Certifications: AWS Certified Cloud Practitioner, AWS Certified AI Practitioner

RELEVANT EXPERIENCE

Booz Allen Hamilton

Jun. 2026 - Present

Software Engineering Intern

Charleston, SC

- Engineered a Java backend and integrated Amazon Bedrock to develop an AI-driven solution for a civil sector client challenge in a 10-week startup accelerator environment.
- Generated and validated synthetic datasets to train and evaluate AI models, enabling robust testing in the absence of real client data and supporting a final solution presentation to senior leadership.

Reliable Perception for Unmanned Maritime Systems

Aug. 2025 - May 2026

Artificial Intelligence Research Assistant

Columbia, SC

- Executed 10+ simulations and sensor evaluations for a US Navy-sponsored team of 15+ engineers, improving obstacle detection accuracy across 5+ adverse conditions (fog, night, rain).
- Developed AI-enabled EO/IR camera models in PyTorch that outperform human operators in maritime obstacle recognition and navigation performance.

Laboratory for Integrative Neuroscience Analysis

Jan. 2025 - Aug. 2025

Software Engineering Intern

Columbia, SC

- Led development of IPyNiiVue, porting the WebGL2-based NiiVue tool into a Jupyter Notebook environment using Python, with 10+ demos showcasing its full capabilities.
- Collaborated with academic professionals to identify software issues, optimize performance, and implement user feedback.

University of South Carolina

Oct. 2023 - May 2025

Undergraduate Teaching Assistant

Columbia, SC

- Supported students in web development and introductory programming through one-on-one tutoring and group study sessions.
- Co-developed supplemental materials, including practice problems and coding examples, presented to students alongside undergraduate and graduate peers.

LEADERSHIP EXPERIENCE

Theta Tau Professional Engineering Fraternity

Dec. 2025 - Present

Vice President of Recruitment

Columbia, SC

- Spearheaded recruitment campaigns across 2 semesters for a competitive professional engineering fraternity, managing a pipeline of 400+ candidates through 10+ rush events, interviews, and info sessions to drive final membership selection.

Director of Professional Development

Aug. 2025 - Dec. 2025

- Developed brothers' professional development via organizing a formal company outreach dinner, career workshops, networking events with local companies, and resume/LinkedIn reviews.
